## **About the cover**

Stem rot caused by *Sclerotium rolfsii* on Jerusalem artichoke. This disease causes major yield losses in the field. An oxalic acid assay to evaluate *Sclerotium rolfsii* resistance in Jerusalem needed to be developed. Details are reported in Sennoi et al. (2021) in this issue.

# **SABRAO JOURNAL OF BREEDING AND GENETICS**

**ISSN 1029-7073; eISSN 2224-8978**

*SABRAO Journal of Breeding and Genetics* is an international journal of plant breeding and genetics research and the official publication of the Society for the Advancement of Breeding Research in Asia and Oceania (SABRAO). The journal was first published in 1969. Its objective is to promote the international exchange of research information on plant breeding and genetics by describing new research findings or ideas of a basic or practical nature. It also provides a medium for the exchange of ideas and news regarding the members of the Society.

Priority is given to articles that are of direct relevance to plant breeders with an emphasis on the Asian region. Research articles, short communications, methods, reviews, commentaries, and opinion articles will be accepted or invited for publication. Scientific contributions will be refereed and edited to international standards.

The journal mainly publishes articles for SABRAO members, and it is strongly preferred that at least one author should be a current member of the society. However, nonmembers may also publish in the journal. In 2016, the journal became an electronic journal with open access. Although a publication fee is charged for all articles, the journal operates on a not-for-profit basis.

## **SABRAO WEBSITE**

<http://sabraojournal.org/>

This website contains the most recent and past articles of *SABRAO Journal of Breeding and Genetics* in addition to details of the editorial board and publishing team. The website also contains up-to-date information about the Society, information about current officers and regional secretaries, upcoming congresses, and general matters concerning the Society.

## **SABRAO - Executive members 2020**

Elected at the 2019 Korean Society of Breeding Science/14th International SABRAO Conference held in Korea (July 2-5, 2019)

President: Prof. Glenn B. Gregorio (SEARCA/UPLB, PHILIPPINES)  
Email: [gbg@searca.org](mailto:gbg@searca.org)

First Vice President: Prof. Chen Xin (Institute of Industrial Crops, Jiangsu Academy of Agricultural Sciences, CHINA)  
Email: [cx@jaas.ac.cn](mailto:cx@jaas.ac.cn); [jaascx@sohu.com](mailto:jaascx@sohu.com)

Second Vice President: Dr. Young-Chan Cho (KOREA)

Third Vice President: Dr. Malikarjuna Swamy (IRRI, PHILIPPINES)  
Email: [m.swamy@irri.org](mailto:m.swamy@irri.org)

Secretary General: Dr. Desta Wirnas (Bogor Agricultural University, INDONESIA)  
Email: [dwirnas@gmail.com](mailto:dwirnas@gmail.com)

Treasurer: Dr. Tonette Laude (University of the Philippines Los Baños, PHILIPPINES)  
Email: [tplaude@up.edu.ph](mailto:tplaude@up.edu.ph)

Editor-in-Chief: Prof. Naqib Ullah Khan (PAKISTAN)

Deputy Editor-in-Chief: Dr. Sanun Jogloy (THAILAND)

Ex-Officio Members:

Dr. Peerasak Srinives (THAILAND)  
Dr. Sang-Nag Ahn (KOREA)

Member: Dr. B.C. Viraktamath (INDIA)

## **REGIONAL SECRETARIES**

Regional Secretaries are elected by members in each country. They play an indispensable role in the operations of the Society by

- notifying members of Society announcements;
- recruiting new members;
- organizing other activities, such as local meetings;
- keeping books of account and sending an audited statement to the Treasurer annually; and
- providing the Secretary-General with a list of financial members in their region each year.

In 2021, the Regional Secretaries are as follows:

### **BANGLADESH**

Dr. Abul Kashem Chowdhury

## PUBLICATION FEE STRUCTURE

**Please note that there is a publication fee FOR ALL ARTICLES**—including SABRAO members—which must be paid after publication of the article. This requirement is to cover journal processing costs and to maintain the website. Payment can be made to the Regional Secretary (details available above or on SABRAO website) in local currency equivalent, or by contacting the Editor-in-Chief.

In 2020, the fee structure is as follows:

Category	Developing country	Developed country
SABRAO member*	US\$ 100	US\$ 125
Non member	US\$ 150	US\$ 200

\*At least 1 author should be a current SABRAO member

If the standard of English is not satisfactory, SABRAO will use its own editing service but will charge a **MINIMUM MANDATORY FEE of US\$50 per article. For articles requiring extensive English editing, authors will be charged up to US\$100 per article.** This additional fee is required because manuscripts are sent to external English editing services.

Authors certainly have the right to choose their own English editing services. If the English requires improvement after review, evidence is required that the authors have used a professional English editing service.

The philosophy of the journal is that publication fees will be kept minimal in order to ensure publication is available to scientists in developing countries. Therefore journal publication fees are reviewed annually.

## ACKNOWLEDGEMENTS

The Editor-in-Chief would sincerely like to thank the many reviewers for their time and effort. An updated list of reviewers is maintained on the website.

Thanks to the publishing team for their countless hours of work for this issue.
