The black spots on rice grains are due to the damage carried out by insects with a piercing-sucking oral apparatus at the milk stage. Such insects are representatives of the stink bugs belonging to the family Pentatomidae. The said research was carried out at the Federal Scientific Rice Centre, Krasnodar, Russia. Full details of the research can be found in the article published by Tumanyan et al. (2022) titled "Rice grain dark spots and their impact on quality associated traits". SABRAO J. Breed. SABRAO JOURNAL OF BREEDING AND GENETICS

pISSN 1029-7073; eISSN 2224-8978

SABRAO Journal of Breeding and Genetics is an international journal of plant breeding and genetics research and is the official publication of the Society for the Advancement of Breeding Research in Asia and Oceania (SABRAO). The journal was first published in 1969. Its objective is to promote the international exchange of research information on plant breeding and genetics by describing new research findings or ideas of a basic or practical nature. It also provides a medium for the exchange of ideas and news regarding members of the Society.

Priority is given to articles that are of direct relevance to plant breeders with an emphasis on the Asian region. Research articles, short communications, methods, reviews, commentaries, and opinion articles will be accepted or invited for publication. Scientific contributions will be refereed and edited to international standards.

The journal mainly publishes articles for SABRAO members, and it is strongly preferred that at least one author should be a current member of the society. However, SABRAO non-members may also publish in the journal. In 2016, the journal became an electronic journal with open access. Although a publication fee is charged for all articles, the journal operates on a not-for-profit basis.

SABRAO WEBSITE
http://sabraojournal.org/

This website contains the most recent and past articles of the SABRAO Journal of Breeding and Genetics in addition to the details of the Editorial Board and publishing team. The website also contains up-to-date information about the Society, information about current officers and regional secretaries, upcoming congresses, and general matters concerning the society.
SABRAO - Executive members 2020

Elected at the 2019 Korean Society of Breeding Science/14th International SABRAO Conference held in Korea (July 2–5, 2019)

President: Prof. Glenn B. Gregorio (SEARCA/UPLB, PHILIPPINES)  
Email: gbg@searca.org

First Vice President: Prof. Chen Xin (Institute of Industrial Crops. Jiangsu Academy of Agricultural Sciences, CHINA)  
Email: cx@jaas.ac.cn; jaascx@sohu.com

Second Vice President: Dr. Young-Chan Cho (KOREA)

Third Vice President: Dr. Malikarjuna Swamy (IRRI, PHILIPPINES)  
Email: m.swamy@irri.org

Secretary General: Dr. Desta Wirnas (Bogor Agricultural University, INDONESIA)  
Email: dwirnas@gmail.com

Treasurer: Dr Tonette Laude (University of the Philippines Los Baños, PHILIPPINES)  
Email: tplaude@up.edu.ph

Editor-in-Chief: Prof. Naqib Ullah Khan (PAKISTAN)

Deputy Editor-in-Chief: Dr. Sanun Jogloy (THAILAND)

Ex-Officio Members:  
Dr. Peerasak Srinives (THAILAND)  
Dr. Sang-Nag Ahn (KOREA)  
Dr. Bertrand (Bert) Collard (AUSTRALIA)

Member: Dr. B.C. Viraktamath (INDIA)
REGIONAL SECRETARIES

Regional Secretaries are elected by the members in each country. They play an indispensable role in the operations of the Society by

- notifying members of Society announcements;
- recruiting new members;
- organizing other activities, such as local meetings;
- keeping books of account and sending an audited statement to the Treasurer annually;
- providing the Secretary-General with a list of financial members in their region each year.

In 2021, the Regional Secretaries are as follows:

AUSTRALIA
Dr. Bertrand (Bert) Collard
NSW Department of Primary Industries
AUSTRALIA

**PUBLICATION FEE STRUCTURE**

Please note that there is a publication fee FOR ALL ARTICLES—including articles from SABRAO members—which must be paid after publication of the article. This requirement covers journal processing costs and website maintenance. Payment can be made to the Regional Secretary (details available above or on SABRAO website) in the local currency equivalent or by contacting the Editor-in-Chief.

**In 2022 and onwards, the fee structure will be as follows:**

<table>
<thead>
<tr>
<th>Category</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>SABRAO Life Member*</td>
<td>US$ 150</td>
</tr>
<tr>
<td>SABRAO Non-Member</td>
<td>US$ 200</td>
</tr>
</tbody>
</table>

*At least one author should be a 'LIFE' SABRAO Member.*

The official language of the Journal is English. Manuscripts may be written in British or US English provided the style is consistent throughout the article. Authors are requested to ensure a high standard of English and use professional editing services if necessary.

At first submission of the manuscript, if the standard of English is not satisfactory, SABRAO will use its own editing service before sending for review and will charge a minimum mandatory fee of USD 200. This additional fee is required because manuscripts are sent to external English editing services.

The philosophy of the journal is that publication fees will be kept minimal to ensure publication is available to scientists in developing countries. Therefore, journal publication fees are reviewed annually.

**ACKNOWLEDGEMENTS**

The Editor-in-Chief would sincerely like to thank the many reviewers for their time and efforts. An updated list of reviewers is maintained on the website.

Thanks to the publishing team for their countless hours of work for this issue.
